Super tech/web geeky- smartphone savvy
Experience in/around helicopters
International travel experience
Eagle Scout
BA or BS in related field
Commitment from May 13th- Sept. 21st

Responsibilities:

This is a rescue, communications, and logistics heavy position that encompasses several key roles and responsibilities: Spencer Safety, Overnight Prep & Execution of Camp Manager, and Girdwood Logistics support. The Spencer Safety position requires maintaining visual and radio communications with kayak and glacier trips as well as gear preparation and transportation for these excursions. Most importantly, it may require participation in the case of an emergency where a timely response and accurate and professional communication is necessary.

During your week in Girdwood, Overnight Trip preparation and execution will be your primary responsibility, which will also include the critical role as Camp Manager. Ultimately, this position will give you the opportunity to travel and camp on the ice, prepare a full ice camp, and most importantly, maximize each client's experience. Additionally, your time in Girdwood will include logistical support to include shuttling, vehicle and gear maintenance and cleaning, and facilities upkeep as well as guiding day hikes.

Don't be shy: send us your resume, cover letter and references to ops@ascendingpath.com
